

Introducing chip technology for
Truity Visa[®] debit cards

GET BIG PROTECTION IN A TINY CHIP

Your new Truity Visa[®] debit card has built-in chip technology. This tiny chip protects your card information in a big way.

Activate your new card and destroy your old one by August 1, 2017.

Here's What's Different:

	Changed	Didn't Change
Card Number	✓	
CVV (on the back)	✓	
Expiration Date	✓	
PIN*	✓*	

Your new card has a new account number, CVV and expiration date. If you have automatic payments set up with your debit card, you will need to update them.

*Select your own PIN using *PIN Now*. It's easy! Call 1.866.985.2273 from the phone associated with your card, and follow the prompts.
