SHOW YOU APPRECIATION for allowing us to SERVE you.

2019 was a phenomenal year for your credit union. The purpose of this annual report is to outline and celebrate the credit union’s financial condition, and we have a lot to celebrate! The financials are on pages 8 and 9.

Deposits were very strong the first half of the year. Members took advantage of higher dividends in certificates and saving accounts, including the new Premier Savings account. Total shares increased $42 million in 2019, and total assets increased $46 million to a new high, $852.8 million.

Our mortgage business took off in the second half of the year. We ended the year with $180.3 million in mortgage business, making 2019 one of our strongest years ever.

In the third quarter we introduced new digital banking, making our mobile app and online banking experiences seamless and introducing two-factor authentication. Members have responded enthusiastically and logged in more than a million times in the first three months.

We continue to invest in technology while keeping your financial data secure. The new digital banking platform makes it easy to bring innovations to you as they become available.

Truity Credit Union exists to serve our members’ interests; service is our highest priority. We are writing this letter in the midst of the COVID-19 pandemic. Our lobbies are closed, while our drive-thrus and Call Center are available to meet your needs. Our loan departments continue to serve you online and on the phone, and our board and staff continue to be flexible and find new ways to serve you better.

It is a privilege and an honor to be your credit union. We will continue to be successful because you trust us to provide the essential financial products and services you need.

On behalf of Truity’s board of directors and its 200 employees, thank you for your loyal business.

Copies of audited financial statements are available upon request.
The role of the Supervisory Committee is to ensure that members' interests are protected by conducting audits and reviews of key financial and operating components of the credit union. Appointed by the credit union board of directors, the Supervisory Committee is responsible for coordinating audits to determine that accounting records are prepared promptly, and that they accurately reflect the credit union’s condition.

To assist in this process, the committee engaged the firm of HoganTaylor, LLP to perform the annual audit of the credit union for the year ending December 31, 2019. As a result of this audit and our ongoing internal audit, it is the opinion of the Supervisory Committee that the financial statements fairly and accurately reflect the condition of the credit union.

On behalf of the Supervisory Committee, we appreciate the opportunity to serve the credit union, and as always, we welcome your comments and suggestions.
